Short Description

Rotary Vane Pump Flushing Kit (For models H75-HXL400W)

Description

FOR MASPORT PUMP MODELS H75-HXL400W Keeps rotary vane pumps clean and running for years. Extends pump life: Makes daily pump cleaning as easy as one, two, three. Simple to use: 1) Open ball valve. 2) Allow 7 oz. of cleaner to run through pump. 3) Close ball valve. Effective: Specifically designed by Masport for the maintenance of Masport pumps. Easy to install: Fittings are provided for quick installation on all Masport Pumps. User friendly: Detailed flushing instructions label on every flushing fluid container. Durable: UV resistant PVC flushing fluid container and heavy duty fittings ensure long life.
